

Lavender Yarrow Baby Wash

a gentle baby wash made with castile

Ingredients

- 3 ounces Organic Liquid Aloe Castile Soap
- 6 ounces Organic Lavender Hydrosol
- 6 ounces Organic Yarrow Hydrosol
- 1 ounce Organic Rose Damnascena Hydrosol

This recipe makes about sixteen ounces

Directions:

1. Combine the ingredients in a bottle.
2. Shake to combine.

Usage & Packaging:

This liquid Baby Wash does very well in our Disc Cap and Snap Cap Bottles. It is a little too thin for a regular pump, but it could be used in a foam pump bottle.

To use, apply a few drops to a moistened baby washcloth. Rub the sides of the cloth together to form a mild lather, then gently massage baby's skin in a light, circular motion. Be sure to rinse the soap away completely when you are done. Follow with a natural baby oil if needed.
