

Winter Cherry Bubble Bath Bars

Cherry scented bars of foaming bubbles

Ingredients

- 1 1/2 cups (370 grams) Baking Soda
- 1 cup (135 grams) Cornstarch
- 2 tablespoons (25 grams) Cream of Tartar
- 3/4 cups (180 ml) Shea Butter Bubble Bath Base
- 2 tablespoons (30 grams) Shea Butter, melted
- 2 tablespoons (30 ml) Vegetable Glycerin
- 2 teaspoons (10 ml) Cherry Plant Based Fragrance Oil
- Liquid D&C Red #33
- Liquid FD&C Blue #1
- Cosmetic Grade Glitter, optional

Makes about seven 110 gram bars

Directions:

1. Whisk together baking soda, cornstarch, and cream of tartar in a very large bowl. (The mixture will expand while cooking, so make sure it has plenty of room.) Break up any clumps, sifting if necessary.
2. Combine bubble bath base, melted Shea butter, and vegetable glycerin in a second bowl and mix well.
3. Add the liquid mixture to the dry and stir together until thoroughly blended.
4. Place the bowl in the microwave and cook for 1 minute. Stir well, then cook for another minute. Repeat this process until the mixture firms up and changes into a dough-like texture.
5. Allow the mixture to cool for a few minutes, then stir in fragrance oil. Split dough into two batches, and add color (a few drops at a time) to each batch. Stir until well blended.
6. Allow the mixture to cool until it can be handled easily (but is still warm and pliable). Transfer dough to clean work surface and roll into 1/2" sheets. Stack sheets of dough together, then roll up into a log. Roll the finished log a little longer to make sure the layers are firmly attached.
7. Cut log into 1" slices and set out to cool and harden overnight.

Usage & Packaging

- Finished bars should be packaged in airtight plastic - such as plastic wrap or our Small Cello Bags.
- To use, crumble bars beneath running water while drawing a bath.
